Palm Beach Gardens, FL 33403

Dear David,

I am writing to thank you and the fine staff of David Brooks Enterprises for bringing our vision and plan for the Church of The Good Shepherd's church expansion and enhancement to reality. Our parishioners are most pleased with the beautiful worship setting and adjacent meeting areas that your firm constructed for us.

You, your staff on site and office personnel performed above the call of duty. In communication with us you were all straightforward, thoughtful and responsive. Timetables were adhered to, problems were solved when necessary and the ultimate result was the product we hired you to create.

The people of DBE are experienced, capable and dedicated to their work. The Church of The Good Shepherd is fortunate to have benefited from working with you.

The next time we have a construction project we will certainly turn to you for help.

Sincerely,

Robert S. Taylor
Rector
